

Accessibility

The University of New Brunswick is an institution that values inclusion.

An accessible website

The UNB website has been designed with accessibility in mind. We've taken steps to make our pages easier to navigate and to read. The website uses access keys as well as a PDF print option.

Our site supports browser-based text resizing. Our site supports Internet Explorer 6 and 7, Mozilla Firefox 2 and 3 (PC and Mac) as well as Safari 3 (PC and Mac).

- Resizing Text in IE 6 and 7: Go to the View - Text Size menu.
- Resizing Text in Firefox: Go to the View - Text Size Menu
- Resizing Text in Safari: Go to View menu and select either Make Text Bigger or Make Text Smaller
